Bring your wreaths, flowers, mementos, messages

Show Colin Barnett that we hold him responsible for the destruction of this great cultural asset that will be handed over to private enterprise at tax payers expense.

Make a statement at the loss of our Heritage and Culture to the riverside development thanks to the Barnett Government : for the destruction of our trees, our heritage and our open space that belong to all the people of Western Australia.

Contact your local Member of Parliament and encourage them to attend this peaceful rally.

Date : Sunday 1st July 2012, 3.00pm

Location : Corner of William St and the Esplanade
